Board Approves Landscaping, Trails at Glen Helen Regional Park

SAN BERNARDINO - The Board of Supervisors on Tuesday approved a \$521,248 contract to create trails and add landscaping along the main entrance road to Glen Helen Regional Park.

The project entails landscape improvements on Glen Helen Parkway between the main two park entrances. In addition, pedestrian and equestrian trails will be developed along Glen Helen Parkway. These trails will eventually tie into trails that will connect residents in nearby communities directly to the park.

"This is the first of many improvements in store for Glen Helen Regional Park," Board of Supervisors Chairman Paul Biane said. "The park is a tremendous recreational asset, and these planned improvements will make it an even more inviting destination for residents."
